

# PLACES FINDER APPLICATION MODIFICATIONS

## User roles

- Field Manager (Add places, Edit, not delete)
- A Place manager / Place owner (Edit details about a place assigned to them)
- Administrator (Approves Additions and edits about a place, by default he should have all system rights)
- Add videos in the places details

## NB:

- Field Managers + Admins can assign the place manager an account and assign places to them
- Every Addition and Update has to first be approved before it appears public
